## Portable power outdoor sales

What is the global outdoor power equipment market size?

The global outdoor power equipment market size was estimated at USD 53.42 billion in 2024 and is projected to reach USD 76.61 billion by 2030, growing at a CAGR of 6.3% from 2025 to 2030.

What is outdoor power equipment?

Outdoor power equipment, including lawnmowers, blowers, hedge trimmers, and saws, plays a crucial role in various landscaping operations, such as lawn maintenance, hardscaping, tree care, and snow removal. The evolution of the urban lifestyle has encouraged demand for outdoor equipment, especially in landscaping and gardening.

How will the outdoor power equipment market grow in 2024?

In addition, changing consumer behavior in its spending power and aesthetic appeal for their gardening space is also expected to boost the market's growth. The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024.

Why is the North America outdoor power equipment market growing?

The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024. The regional market's growth is attributed to North America's larger geographical area compared to its population, which leads to more gardens and lawns in the region.
