# San Diego Inverter Factory Direct Sales Store

Who makes power inverters?

EPC Power is the only manufacturer in North America producing grid-scale power inverters. A power inverter is a device that converts electricity between AC (Alternating Current) and DC (Direct Current). AC electricity is the type that powers our homes through power lines, while DC electricity is commonly supplied by batteries.

Is the inverter store a good store?

Shopping online at The Inverter Store was simple and stress-free. The website was... Durable and Well-Built Products! The inverter I ordered feels strong and dependable. It's been running without pr... Here's what our customers have to say...
