# Solar Glass EU

What is glass for Europe?

Glass for Europe is officially a member of the European Solar PV Industry Alliance, an initiative launched in December 2022 by the European Commission. The Alliance gathers key players in the value chain of the solar energy industry and aims at scaling up the production of solar PV panels and value chain components in Europe.

How can glass for Europe help re-build a European solar industry?

Glass for Europe represents almost 90% of flat glass production in the EU and its members can play a key role in re-building a European solar industry in the EU. The main goal of the European Solar PV Industry Alliance is to mobilise finance for European solar PV projects to increase the manufacturing capacity.

Who is AGC Glass Europe?

As the European branch of AGC, a world leader in flat glass, AGC Glass Europe has over 100 sites throughout Europe and around 15,300 employees. Solar systems for use in energy generation, such as photovoltaics (PV) and concentrated solar power (CSP), are a fast-growing market with enormous potential for reducing CO2 emissions.

What is Sunguard® solar?

SunGuard® Solar is a commercial solar control glass that helps to reflect the sun's energy. Making it ideal for applications when excessive solar heat gain could result in uncomfortable living environments. Its reflective qualities can also enhance the aesthetic appeal.

Commission Implementing Regulation (EU) 2015/1394 of 13 August 2015 amending Regulation (EU) No 470/2014, as amended by Regulation (EU) 2015/588, imposing a definitive ...

Solar PV Glass Market Trends and Forecast The future of the global solar PV glass market looks promising with opportunities in the residential, non-residential, and utility markets. The global ...

We are facing an absurd situation. To protect the very small European solar glass industry, the EU Commission introduced import ...

Glass is an essential component of solar panels and Building Integrated Photovoltaics (BIPV) and it represents between 65% and 95% of solar energy modules weight. ...

Solar glass is a specialized low-iron, tempered soda-lime silicate glass, often enhanced with an anti-reflective coating. This combination delivers ultra-high light transmittance, superior ...

The EU is becoming dangerously dependent on China. When talking about the value chain in photovoltaics, the heaviest component of ...

---

Based in Louvain-la-Neuve (Belgium), AGC Glass Europe produces, processes and markets flat glass for the construction sector (external ...

With our high-performance solar glass for photovoltaics, solar thermal and the greenhouse sector, we are fulfilling our social ...

Currently, new anti-dumping proceedings against solar glass makers from Malaysia are taking place in the EU. Imports of Chinese solar glass have been subject to high anti ...

With our high-performance solar glass for photovoltaics, solar thermal and the greenhouse sector, we are fulfilling our social responsibility and making a significant ...

The Europe solar PV glass market is estimated to grow at a CAGR of 26.46% from 2025 to 2033. It is projected to reach 23.58 billion by 2033.

The Europe Solar Photovoltaic Glass Market is projected to witness market growth of 27.3% CAGR during the forecast period (2024-2031). The Germany market dominated the Europe ...

AGC offers extra clear float glass products for a broad range of solar applications. Your single source: High-efficient float glass production, glass coating, glass processing as well as high ...

This is a first on an industrial scale: glass from end-of-life photovoltaic panels will be used to manufacture flat glass, this glass mainly intended for the construction and ...

Glasmanufaktur Brandenburg GmbH (GMB), based in Tschernitz, announced yesterday (July 7) that it has filed for insolvency. According to GMB, it is the only manufacturer ...

Based in Louvain-la-Neuve (Belgium), AGC Glass Europe produces, processes and markets flat glass for the construction sector (external glazing and interior decoration), the automotive ...
